2026 HISTORIC
RALLY FAFE

It's GRAVEL time!

Fafe is more than just a rally; it's a legendary destination in the world of motorsports. Often referred to as the "Cathedral of Rallying," this Portuguese town is famous for its passionate crowds, challenging gravel stages, and, of course, the iconic Fafe jump. The event has a rich history, having been a part of the WRC calendar for decades, and its stages are etched into the memories of rally fans and competitors alike.

This year, the Historic Rally Fafe is set to make its second year on the prestigious FIA European Historic Rally Championship (EHRC) calendar. This marks an exciting chapter again for a rally steeped in tradition, blending Fafe's raw, electrifying atmosphere with the nostalgia of classic rally cars.

Competitors in the EHRC will tackle the same legendary roads that have tested generations of drivers, but with a unique twist: they'll be behind the wheels of some of rallying's most celebrated vintage machines. It's a chance to see iconic cars pushed to their limits on hallowed ground.

Get ready for an unforgettable experience where past and present collide in a thrilling display of speed, skill, and heritage. The Historic Rally Fafe promises to be a spectacular addition to the FIA EHRC, celebrating the enduring spirit of rallying in its purest form.
